# 9TH ANNUAL ENERGY DRONE & ROBOTICS SUMMIT

Largest Event in the World for Energy / Industrial / Construction  
Robotics, Drones, 3D Geospatial & Data

**Houston, TX**

[EDRCOALITION.COM](http://EDRCOALITION.COM) 

# About the EDR Summit

During three days, we connect 1500+ global energy, industrial, and construction robotics, drone & data leaders at a time of rapid growth for our sector.

The latest ideas, use cases, best practices, tech, and trends from a wide variety of robotics & drone industry experts: innovators, regulators, the most energy asset owners & service firms and more.

You will leverage and maximize global scale and participation at this one-of-a-kind event with; real-world use cases, sessions, panels, live demos, exhibits/tech updates, 1:1 meetings and multiple networking breaks, lunches, receptions. ←

NETWORKING  
WITH 1500+  
ATTENDEES

HANDS-ON  
DEMOS &  
EXPO

GATHER  
VALUABLE  
INTEL

# Featured Speakers

\* From 2024 Summit

**Yorinde Lokin**  
Growth Manager  
 **KONGSBERG**

**Steven Treviño**  
Deepwater Robotics Manager

**Catherine Tea**  
Senior Robotics Engineer  
 **DOW**

**Aaron Schlett**  
Refactory Specialist  
 **ExxonMobil**

**Dawn Zoldi**  
Owner / CEO  
 **P TECH CONSULTING**  
PEOPLE. PLATFORMS. POLICY.

**Clint Palermo**  
SVP Energy Services  
 **OPTELOS**

**Aaron Fritch**  
Captain

**Ade Famoti**  
Senior Director  
 **Microsoft**

**Katherine Papageorge**  
Project Manager

**Gavin Kenneally**  
CEO  
 **GHOSTROBOTICS**

**Brent Klavon**  
Chief Strategy Officer  
 **ANRA TECHNOLOGIES**

**Chris Sheil**  
Senior Executive, Imagery and Remote Sensing  
 **esri**  
THE SCIENCE OF KNOWLEDGE

**Chris Todd**  
Executive Director  
 **AIRT**

**Chris Haines**  
COO  
 **HVR**

**Haydn Bradfield**  
Strategic Solutions Architect  
 **DroneDeploy**

## A Snapshot of Previous Attendees

- UAS Manager, **Baltimore Gas & Electric**
- Robotics Program Manager, **Chevron**
- Geospatial Software Engineer, **Chevron**
- Senior PM, **Chevron Technology Ventures**
- Sr. Manager, Emerging Technology, **Devon Energy**
- Innovation Focal Point, **DOW Chemical**
- Maintenance Technician, **DOW Chemical Deer Park**
- Maintenance Engineer, **Enbridge**
- Operations Excellence Manager, **ExxonMobil**
- Group Manager, **Federal Aviation Administration**
- Senior Project Information Manager, **Fluor**
- Digital Business Partner, **LyondellBasell**
- Drone Coordinator, **Marathon Petroleum**
- Director, Energy Intelligence, **Oceaneering**
- Sr. UAS Data Analyst, **Oxy**
- Deepwater Robotics Manager, **Shell**
- Robotics Product Champion, **SLB**
- Sales Manager, **Sony**
- UAS Program Manager, **Southern Company**
- Enterprise Manager Aviation, **Suncor Energy**
- RPAS Pilot, **Syncrude Canada, Ltd.**
- UAS/Aerial Technology Specialist, **TC Energy**
- Principal Data Engineer, **Woodside**
- Manager of UAS Business, **Yamaha Motor Corp.**

# Who Attends

Hundreds of Global Energy & Industrial Robotics, Drone and Data Asset Owners & Operators

"The event is a goldmine of knowledge, with pioneers and innovators from around the globe discussing the latest advancements in uncrewed & autonomous systems, automation, and data/AI in energy & industrial operations."— **Chaddington Post**

## PREVIOUS ATTENDEES SHARED

Impressive variety of cool UAS use cases here from hazard mapping sinkholes to measuring resistance on transmission lines. From established players like us to the many startups on the expo floor, there's a whole lot of innovation going down!

— Soaring Eagle Technologies

At the Summit, I saw some offerings that were just plain cool, but others will truly help improve our remote asset operations and monitoring efficiency/effectiveness for our customers.

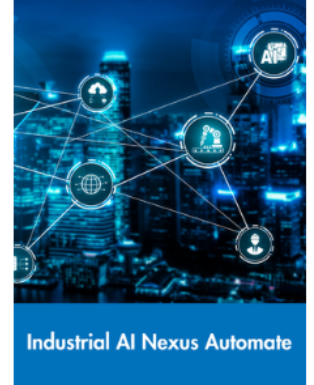

— Ethos Energy

So much tech on display today at the Energy Drone & Robotics Coalition Summit! Every year, I am amazed by the latest advances in robotics and drones on display. The tech on display is incredible!

- PCBA Manufacturing

# Five Included Co-Located Events

## Previous Sponsors

# A Look Back at the 2024 EDR Summit

## Session Highlights →

- Ade Famoti, Senior Director, **Microsoft**, standout session titled The Rise of Humanoids: Transforming the Landscape of Robotics
- **Chevron** and **ConocoPhillips** shared on Achieving Scale in Remote, Aerial OGI Operations
- Industrial Drone Delivery & Autonomous Cargo Roundtable
- BVLOS & Autonomous Ops for Critical Infrastructure Roundtable
- Energy Asset Owner & Operators Roundtable with top leaders from **ExxonMobil**, **Oxy**, **Dow**, and **Florida Power & Light** discussed the latest drone and robotics intel
- Catherine Tea of **Dow** presented Revolutionizing Site Security: Autonomous Drones in Manufacturing
- Integrating Drones & Robotics for Maritime Tank Inspections
- Scaling Your Drone Program: Training, Maintenance, and Ensuring Safety for Regulatory Compliance
